WORD FINDER: Your job is to find words in the text that are important, difficult, new or interesting. As the Word Finder, you will help your group develop vocabulary. Understanding the words in a text helps us, as readers, comprehend what we're reading. Find words in the text that will help you and your group members understand the text more deeply and that will lead to discussion. Write the words on the chart below. Use a source to determine the word meaning (e.g. context clues, dictionary). You may also use one of the Word Finder Graphic Organizers to present your words to the group.
